

To Whom It May Concern,

It is with great pleasure that I recommend Kari Rehe, who served as a graphic design intern at Appalachian Marketing & Media. From the very beginning, Kari exhibited exceptional communication skills and an ability to quickly understand and tackle complex design scenarios and projects we presented at the beginning of the internship.

Her intelligence, reliability, and talent became evident within just a few weeks, and her dedication to producing quality work was truly impressive.

Due to her outstanding performance and rapid growth, we promoted Kari to a contractor position, where she contributed significantly to our web development team. During her tenure, she collaborated with our team on four website projects for real AMM clients. Her work consistently exceeded expectations, leading to highly satisfied clients and final results that truly reflected her creativity and attention to detail.

Kari's ability to blend her design skills with a professional attitude and strong work ethic makes her a valuable asset to any team. I am confident that she will continue to excel and bring her innovative ideas and dedication to any organization she joins.

Please feel free to contact me if you need further information.

Sincerely,
Abraham Barcus
